HOW TO OBTAIN ABS STATISTICS

Inquiry service

The Australian Bureau of Statistics (ABS) has an information and inquiry service in each of its offices to—

- meet requests for statistics and other information
- advise on official statistics, and
- provide copies of statistical publications

These services may be obtained by calling at, phoning or writing to Information Services at any of the ABS offices listed below.

Counter service

Each ABS office has an inquiry area where users of statistics may talk with trained staff about their statistical needs or obtain assistance in using statistics more effectively.

Mailing lists

Users of statistics may request to have their names and addresses placed on an ABS publications mailing list, thereby ensuring regular receipt of copies of publications.

Statistics available in other forms

Data are also provided on microfiche, on magnetic tape and in the form of computer printout. ABS information and inquiry services (telephone numbers are listed below) can advise whether information needed is available in these forms and how it can be obtained. At present a number of ABS publications are available on microfiche and the ABS expects to offer an increasing range of statistics on microfiche as this medium is further developed.

INTRODUCTION

The Australian Bureau of Statistics is the official statistical organisation for the Commonwealth and State Governments. Its main function is to collect statistical information from a wide variety of social and economic areas, to compile statistics and disseminate them within the Government, the private sector and the community in general.

How to use this catalogue

This catalogue contains publications released by ABS State Offices and the Central Office in Canberra. The catalogue is divided into four parts.

Part A lists all publications in numerical order except that *within each subject group* the Central Office entries precede the State Office entries (see description of numbering system below). Most publications issued by Central Office contain particulars for each State and Territory as components of Australian totals.

Part B contains information on statistics available in other than publication format.

Part C contains a titles index showing all current publications issued by the ABS.

Part D contains a detailed subject index of all current publications in alphabetical order. If you are interested in a particular subject area, e.g. overseas trade, employment, etc., you will find it convenient to identify the range of publications from the list of subject groupings on pages iii-v and by this means gain access to all publications within that subject. If you have a specific interest, e.g. the production of butter and cheese, industrial disputes, etc., check the detailed subject index beginning on page 139.

The ABS catalogue numbering system

The system consists of a five digit code (e.g. 5414.0).

The *first two digits* define the subject by nine broad areas (e.g. 5 represents national accounts, balance of payments and foreign investment, overseas trade, public finance, private finance) divided into nine more precise subdivisions (e.g. 54 is overseas trade).

The *third and fourth digits* are the permanent serial numbers allocated to publications within categories formed by the first two digits. An allotted number will remain unchanged provided the contents of a publication remain essentially the same.

Numbers are allotted sequentially as new publications are released.

The *fifth digit*, after the full stop, relates to the ABS office which issues the publication.

The codes for each issuing office are:

- 0 Central Office (Canberra)
- 1 New South Wales
- 2 Victoria
- 3 Queensland
- 4 South Australia
- 5 Western Australia
- 6 Tasmania
- 7 Northern Territory
- 8 Australian Capital Territory

Within each subject group, all Central Office entries precede the State Office entries.

Information on new and current ABS releases

Currently the ABS publishes about 550 individual statistical titles each year. At present approximately 375 of these are free and about 175 are for sale. As new publications are released frequently, clients may keep up-to-date on new and current releases by obtaining the monthly publication entitled *Publications Issued in (name of the month)* (1102.0). The publication can be obtained by phoning Canberra (062) 52 6627 or the nearest State Office or by writing to Information Services, Australian Bureau of Statistics, P.O. Box 10, Belconnen, A.C.T. 2616. New and current releases are also listed in a *Publications Advice* (1105.0) issued twice-weekly by the ABS. Each *Publications Advice* gives the titles of all ABS publications issued on the date the *Advice* is issued and those expected to be released during the following five days.

How to obtain publications

FREE PUBLICATIONS

Clients may obtain copies of free publications by calling at, phoning, or writing to the ABS office in their capital city or the ABS Central Office, Canberra.

When requesting a publication, please quote the title and catalogue number.

PRICED PUBLICATIONS

Copies of priced publications may be purchased over the counter from any office of ABS. A range of these priced publications (e.g. Year Book Australia, Labour Statistics, etc.) is also available from Australian Government Publishing Service (AGPS) bookshops.

Alternatively, clients who wish to receive free or priced publications on a regular basis may use ABS computerised *Publications Mailing List (P.M.L.) Service*. Information on how to use this service may be obtained from any ABS office.

Clients (or subscribers) who already use the P.M.L. Service and who wish to amend their requirements should quote their account number when contacting ABS. The account number is shown at the top left hand corner of the address label used to despatch publications to clients.

Renewal notices are sent to all subscribers annually in respect of the subscription year commencing on 1 January. Payment for priced publications is required in advance and should accompany renewal notices returned to ABS.

ORDER FORM

An order form for free and/or priced publications is at the back of this Catalogue. Orders should be directed to the ABS office in the client's capital city. Addresses of all ABS offices are shown inside the front cover of the Catalogue.

PRICES SHOWN IN THE CATALOGUE

Two prices are shown for each priced publication. The first price given is the 'over the counter' price and therefore excludes postage. The second price includes packaging and postage at ordinary rates within Australia. *Prices quoted are subject to revision.*

Overseas clients should add 10 per cent of the second price to meet the cost of overseas surface postage. Airmail rates are available on request.

A discounted annual subscription rate for monthly and quarterly publications is also available on request.

PUBLICATIONS AVAILABLE ON STANDING ORDER

Prices of publications shown in this Catalogue as *available as a standing order only* will not be known until just prior to release date. Clients who wish to purchase these publications may, by contacting any ABS office, have their names and addresses placed on a mailing list to receive further details of the expected release date and price when these particulars become available.

MAGNETIC TAPE

A number of catalogued releases, listed in Part B, are available from ABS on magnetic tape. Information about the scope of each service, ordering arrangements and prices are set out on information sheets relating to the individual services. These are available on request by contacting *Information Services* at the ABS office in any capital city (see addresses inside front cover).

AN INFORMATION SERVICE IN EACH ABS OFFICE

Each ABS office has an Information Service to assist clients. The service is designed to answer inquiries from clients on available official statistics and their usage. The service is also the contact point for clients requiring ABS publications on either an *ad hoc* or continuing (subscription) basis.

These services may be obtained by contacting *Information Services* at the ABS office in any capital city. Addresses and telephone numbers are listed inside the front cover.

UNPUBLISHED STATISTICS

For economic reasons the ABS does not publish all the statistics and other information it has available.

Unpublished statistics are available, on request, for a variety of topics such as population, dwellings, building, imports, exports, shipping, etc., in the form of computer printout, microfiche, magnetic tape or specially prepared tables.

In cases where a considerable volume of data has to be specially extracted or where a regular statistical service is required, a charge may be made.

Inquiries on the availability of unpublished statistics should be directed to *Information Services* at the ABS office in any capital city (see addresses inside front cover).

PART D—SUBJECT INDEX

This index is designed to assist users in determining which Central and State Office publications are relevant to various subjects. *The index is not intended as a comprehensive index of commodities or items covered in the statistics. For example, particular items of production and overseas trade are largely omitted.*

The publication *Manufacturing Commodities, Principal Articles Produced, Australia* (8303.0) contains a detailed alphabetical index of commodities produced in Australia.

Detailed export and import statistics are shown in the following publications: *Australian Exports, Country by Commodity* (5411.0), *Australian Imports, Country by Commodity* (5414.0) and *Foreign Trade, Australia, Part 1: Exports and Imports* (5409.0).

No references are given in this index for Australian and State Year Books (1300.0-1301.6) or Pocket Year Books (1302.0-1302.6) as each of these publications contains a detailed index. The Year Books should be regarded as the principal general statistical reference works produced by the ABS.

NOTE: *The last figure of each catalogue number relates to the ABS office which issued the publication.*
